## About

### Why to choose MiniDog Token ?

An open world blockchain adventure game, explore MetaVerse and play with friends. Earn NFT's, play to earn & hold to earn.

MiniDog has set out to transform the crypto industry by giving back while creating a coin that benefits charity and its holders. Our goal is to bridge real purpose and real-world problems with profit which blockchain technology gives us the ability to do.

## Benefits of Using Our MiniDoge

### Liquidity $\Leftrightarrow$ Burnt $\Leftrightarrow$ BuyBack

10 % to Liquidity Pool = 5 % Burnt = 6% Goes to the token holders = 4% BuyBack Our token = 3% for Owner or welfare wallet.

### Automatic LP

Every trade contributes towards automatically generating liquidity that goes into multiple pools used by exchanges

### Community Driven

Community driven & fair launch. The dev team burned all of their tokens and participated with everyone else.

### Future Development

MiniDoge Token is the heart of the ecosystem. With MiniDoge comes game, NFT's, Wallet and more.
